

## How do I receive services from a provider in the network?

- Call the network provider of your choice and schedule an appointment.
- Identify yourself as a Davis Vision plan participant.
- Provide the office with the name and date of birth of any covered dependent needing services.

It's that easy! The provider's office will verify your eligibility for services, and no claim forms are required!

## Who are the network providers?

They are licensed providers in both private practice and retail locations who are extensively reviewed and credentialed to ensure that stringent standards for quality service are maintained. Please access our website at [www.CitizensGroup.com](http://www.CitizensGroup.com) and clicking Vision under Find A Provider, or call **800.999.5431** to access the Interactive Voice Response (IVR) Unit, which will supply you with the names and addresses of the network providers nearest you.

## What about retail locations?

In order to provide our members with the greatest amount of flexibility and convenience, Davis Vision makes available a number of retail establishments to our provider network. Benefits at retail locations may vary slightly from other locations, as noted in this benefit description. However, your value is comparable.

## What about out-of-network provider benefits?

You may receive services from an out-of-network provider, although you can receive the greatest value and maximize your benefit dollars if you select a provider who participates in the network. If you choose an out-of-network provider, you must pay the provider directly for all charges and then submit a claim for reimbursement to:

Vision Care Processing Unit  
PO Box 1525  
Latham, NY 12110

Only one claim per service may be submitted for reimbursement each benefit cycle. To obtain a claim form, please visit our website at [www.CitizensGroup.com](http://www.CitizensGroup.com) or call 888.364.4510.

## Are there any exclusions?

The following items are not covered by this vision program:

- Medical treatment of eye disease or injury.
- Vision therapy.
- Special lens designs or coatings, other than those previously described.
- Replacement of lost eyewear.
- Non-prescription (plano) lenses.
- Contact lenses and eyeglasses in the same benefit cycle.
- Services not performed by licensed personnel.
- Two pairs of eyeglasses in lieu of a bifocal.

- A one year unconditional breakage warranty is provided for all eyeglasses completely supplied through the Davis Vision collection.

### May I use the benefit at different times?

You may "split" your benefits by receiving your eye examination and eyeglasses (or contact lenses) on different dates or through different provider locations, if desired. However, complete eyeglasses must be obtained at one time, from one provider. Continuity of care will best be maintained when all available services are obtained at one time from either a network or an out-of-network provider. To maximize your benefit value we recommend that all services be obtained from a network provider.
